## Ike Brands 'Draft-Dodging' Remark Unwise

### King Saud Pays Visit To President

Saudi Arabia Ruler, Ike To Discuss Mideast Peace

WASHINGTON UP — King Saud of Saudi Arabia arrived here for a state visit today and received a "heartily welcome" from President Eisenhower.

The President personally greeted the bearded, bespectacled monarch of six million Arabs as he stepped from the plane which flew him here from New York.

"Your majesty, on behalf of the American people, I heartily welcome you to the United States," Mr. Eisenhower said. "We recognize in you a great leader of the Arab people and the custodian of the cities most sacred to Islam. We are honored by your visit."

The welcome was in contrast to the snub the visiting monarch received Tuesday from Mayor Robert F. Wagner of New York.

Before he went to the airport, Mr. Eisenhower alluded to that snub by telling his news conference he deplored any shown official visitors.

Mr. Eisenhower arrived at the airport five minutes before the presidential plane, Columbine III, brought Saud here from New York.

As soon as the King stepped from the plane, Mr. Eisenhower doffed his hat and shook the King's hand warmly.

"We were fortunate in counting your late father, his majesty King Ibn Saud, as a friend of the United States," Mr. Eisenhower said. "We are equally fortunate in counting you as one."

"I look forward to the strengthening and reaffirmation of this valued friendship through the opportunity provided by this visit for fruitful discussions of problems important to both our countries."

**Expresses Deep Gratitude**  
Saud responded by expressing his "deep gratitude and appreciation" for his welcome, and assured Mr. Eisenhower of his wish to put U.S.-Arabian relations on a footing of "amity and mutual interest."

### Good Evening!

Royal welcome for King Saud.

An interesting visitation, that of the Moslem monarch, with his army of servants and camp-followers. No harm.

More interesting, perhaps, the result of the conferences with President Eisenhower and their bearing on Middle East problems.

Saud scattered \$20,000 in tips to personnel of the liner Constitution which carried him across the sea. Hey, it would be comfortable to be able to make just one voyage in such fashion.

Hey, also, the sun!

After yesterday's perfectly horrible skies it's welcome even if the weatherman is calling for much colder weather tonight and snow tomorrow.

But who cares? Groundhog Day Saturday and that's when we begin cataloging all signs of spring.

Stan Musial signs again with the Cardinals for \$80,000 and he's worth it.

There's a fellow who does everything so easily and well on a baseball diamond that "old pro" is hardly complimentary. The greatest of all in the past two decades, DiMaggio, Williams, Fellers and Roberts unexcepted.

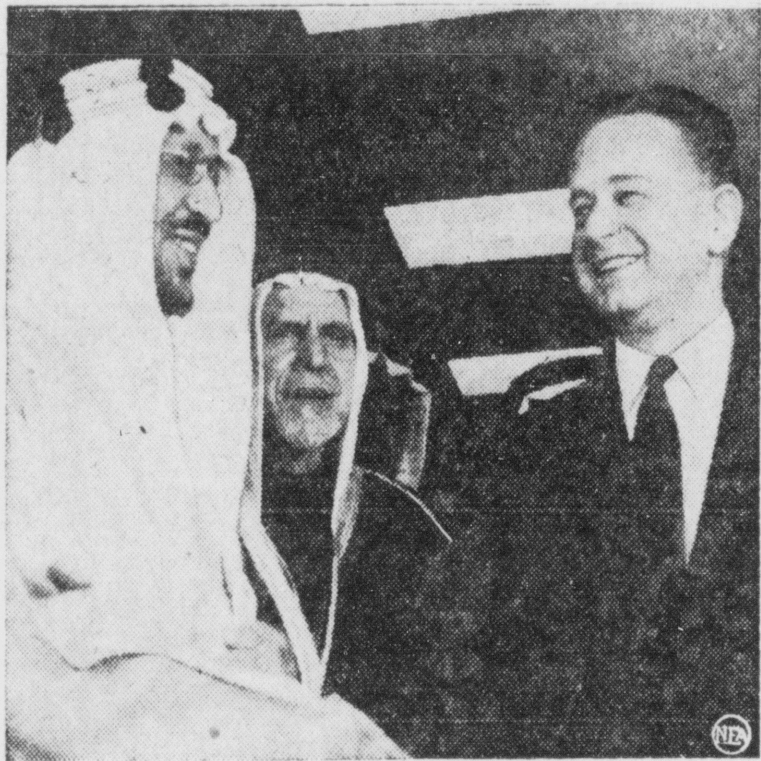

There is only one way to handle a woman. The trouble is nobody knows what it is.

Scientists have just announced that dollar bills carry germs. That's silly, of course. Even a germ couldn't live on a dollar these days.

Smartest way for a man to hold his tongue is nine times out of ten.

Watch your driving.

### Senate OK Expected For Darcy Probe

House Approves Investigation Of Pardons Board

HARRISBURG — UP — Senate approval was expected next week on a House approved proposal for a legislative investigation of the state Pardons Board, particularly in its handling of the controversial David Darcy case.

The Republican sponsored resolution was okayed by the House yesterday by voice vote, with the lone dissenting vote cast by Rep. Francis Worley (R-Adams), a Quaker and a foe of capital punishment.

The inquiry would center on the action of Gov. George H. Leader, on recommendation of the Pardons Board, in commuting to life imprisonment the death sentences imposed on Darcy and two companions, Harold Foster and Harry Zeitz, who were convicted of killing William Kelly, a bystander, during a holdup at the Feasterville inn, Feasterville, in 1947.

The clemency granted last September became an issue in the 1956 election campaigns.

The resolution calls for a six-member committee, three from the House and three from the Senate, to look into the Darcy case and other actions of the board since Jan. 4, 1950.

The group would have the power of subpoena, with the right to press criminal action against any one who refused to testify or produce records and books.

### Flash Floods Leave Damage

Colder and clearing weather today was expected to ease the torrent of rampaging river waters that killed at least one person and left three others missing in four eastern states.

The flash floods in Virginia, West Virginia, Kentucky and Tennessee swamped some 13 communities and caused damages of several million dollars.

Heavy rains were blamed for the floods. Pound, Va., in the Cumberland Valley, was flooded by a 16-foot wall of water, and flood waters at Barboursville, Ky., reached a depth of 20 feet.

### Buses Delayed As Company Is Picketed

Officials Report Window Broken, Tires Deflated

Buses from the Trenton-Philadelphia Coach Co. this morning were delayed in starting their early morning Philadelphia runs from Levittown when pickets of Local 282, AFL-CIO Transport Workers Union, gathered at the Levittown Shopping Center.

Some buses were late, but apparently they were all running today on the Trenton-Philadelphia line.

Tullytown Police were called by the Trenton Transit Co., new owners of the bus line.

Police said air was let out of a tire of the 5:45 bus, and again on the 6:30 a.m. bus this morning.

The driver of the second bus said a window was broken as he drove on the Route 13 freeway in Falls township.

Each bus had two operators, who said they are members of Division 540, Amalgamated Association of Street, Electric and Railway Workers. Heading the TWU pickets at the Shopping Center was James Mee, secretary-treasurer of Local 282.

**Advance Warning**

Tullytown Police Chief John B. Walterick was awakened at 5 o'clock this morning with a call from the police dispatcher that the buses were expected to be molested. Patrolman Steve Parto, not able to radio immediately for help because the police car is out of commission, was joined by Chief Walterick and Patrolmen Pat Coia and Philip Fitzpatrick.

A truck from the Trenton Transit office, in Trenton, came to Levittown to reinflate the tires. Shortly before 9 a.m., after the

### Atom Plans Are Outlined

WASHINGTON — UP — The Atomic Energy Commission said today that A-bomb and H-bomb production is swelling at a rate that necessitates multimillion-dollar expansion of its farflung weapons plant.

It also reported "new design principles"—stemming from last year's H-bomb tests—"which will lead to more efficient weapons that can be more effectively employed."

This apparently means the once outsize hydrogen weapon has been tailored to missiles and bombs for a variety of military uses other than mere destruction of cities.

The commission also claimed "a notable advance" toward nuclear propulsion of aircraft. For the first time, it said, a turbojet plane engine was powered with atomic heat in a ground test.

### Wilson Spoke Out Of Turn, Newsmen Told

Eisenhower Says Guard Volunteers Weren't 'Slackers'

WASHINGTON — UP — President Eisenhower said today that Defense Secretary Charles E. Wilson's "draft-dodging" statement about the National Guard was very unwise.

Mr. Eisenhower told his news conference that the men who joined the National Guard certainly could not have been slackers when they entered the Guard under proper provisions of law.

He said he did not believe that Wilson wanted to damage the National Guard, but he thought his Secretary of Defense certainly made a very unwise statement without stopping to think.

Wilson told a House armed services subcommittee Monday that the National Guard was a "sort of scandal" during the Korean War; that some young men were using it as a "draft-dodging business."

Wilson stuck to his charge yesterday after a conference with Mr. Eisenhower. Wilson told reporters his language may have been tough but that it was an accurate account of the situation.

**Defends Saud Conference**

Other highlights at the President's meeting with reporters today.

1. He strongly defended his conferences here with King Saud of Saudi Arabia and the possible visit of Marshal Tito of Yugoslavia to this country. He said he deplores any discourtesy shown to visitors who came here as representatives of governments and in an effort to ameliorate difficulties. This was a reference to New York Mayor Robert F. Wagner's snub of Saud Tuesday.

2. He said he would not run again even if Congress changed the 22nd Amendment which limits a president to two terms in office.

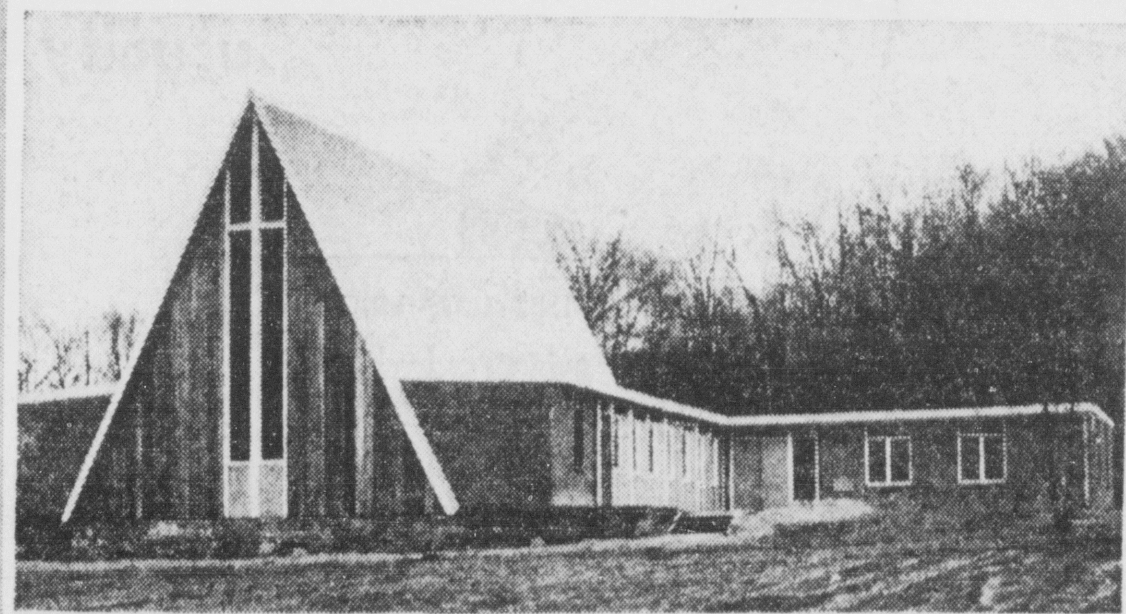

3. He was unrestrained in his praise of Secretary of State John Foster Dulles. As for Democratic charges that Dulles' actions in the past had contributed to Middle East difficulties, the President

### Ike's Doctrine To Get House OK

WASHINGTON — UP — The Eisenhower Doctrine headed toward passage today in the House. The doctrine, authorizing President Eisenhower to use troops if necessary and economic aid to protect the Middle East from Red aggression, was expected to pass the House overwhelmingly.

## 90 Register For Classes At Institute

Falls Director Reports Response As 'Overwhelming'

More than 90 persons have completed registration for classes at the new Falls Institute for Liberal Studies of the William Penn Center, Fallsington.

Marius Livingston, director, said response to the first two registration periods Monday night and last night was overwhelming. "It looks like we are going to have a fine registration and many classes are taking shape," he noted.

Definitely established are classes in college algebra, American history, creative sewing, history of art, basic French, introductory insurance, real estate law, blueprint reading, home economics, shorthand (elementary and advanced) and an international relations course, already in progress.

**Daily Registration**  
"By popular demand," Mr. Livingston said, "we are going to offer a class in anthropology beginning with the Spring term on Feb. 4."

Mr. Livingston pointed out "the institute is well on its way and as quickly as classes are definitely formed, we will announce them in the Courier and Times." Registration continues daily from 7 to 9 p.m. until Friday at the William Penn Center. Persons may also register on Saturday from 10 a.m. to 7 p.m.

Allstate Engineering in Trenton, as a contribution to the Institute, is building an office partition and will supply office furniture, Livingston said.

## Meeting Set For Course

Temple University administrative officials will be present at a meeting tomorrow in an effort to set up a course at the proposed Off-Campus Center designed for adults with Bachelors degrees to study for teaching certification.

Dr. William Polishook, assistant dean of the College of Education, and Dr. John G. Berrier, director of Off-Campus Education, will outline plans for the course at the meeting scheduled for 8 p.m. in the teachers' dining room of Pennsbury High school. The course will prepare adults with a degree in some other phase of study for a career in teaching.

It will be arranged as nearly as possible to fit the needs of those present at the meeting.

All interested persons are urged to attend.

Further information may be obtained by calling Mrs. Bonnie Shneider at WI 6-7163 or Mrs. Joan Turner, WI 5-4861.

## Stole \$9 From Woman At Gunpoint

Holdup Takes Place In Bristol Pike Tailor Shop

Bensalem police continued their search today for an armed robber who held a 69-year-old Andalusia woman at gunpoint some 20 minutes yesterday before robbing her of \$9, and threatening to "rob somebody else."

The woman, Mrs. Anna Arena, of 1244 Bristol pike, told police an armed man entered Jim's Tailor shop at the Bristol pike address about noon yesterday, flashed a nickel-plated pistol and demanded money.

Mrs. Arena said the man told her he had just been released from prison after serving three years and told her he was going to rob somebody else after he left her.

The man bound and gagged the tailor shop operator, who was alone in her store-home. The woman told police the man threatened her with criminal attack.

**Almost Fainted**

Bensalem Police Chief William Riempp said the woman almost fainted. The bandit must have gotten scared before he left, the chief said, because he loosened the gag on Mrs. Arena and gave her a drink of water before vanishing with the money.

The bandit was described as being about 28-29 years old, weighing about 150 pounds. He has dark hair and eyes and was wearing light brown pants and jacket and carried a dark overcoat.

The tailor shop owner told police a man, whose voice sounded like the robber's, telephoned the shop about a half-hour before the bandit walked in and flashed the pistol.

**Earlier Call**

Mrs. Arena said the man on the 'phone asked her if the shop made men's suits. Mrs. Arena told the man she didn't make men's suits, but that she knew where you could get suits made. At that, Mrs. Arena told police, the man hung up the receiver.

Police are continuing investigation. Patrolmen Joseph Picciotti, William Johnson, Lawrence Michaels, and Chief Riempp investigated the robbery yesterday.

## Crews Replace Burned Station

Work is almost complete on replacing the fire-wrecked service station on Street road at Route 13, Bensalem township.

Construction crews moved the burned-out frame building from its foundation and started building its replacement. The gutted station stands at the rear and to the side of the new building.

Fire broke out in the old building about noon last Wednesday, completely wiping out its interior. Fire companies fought the intense blaze some 15 minutes before bringing it under control.
